Interviewed:

VALENTIN, Israel/1458 N. Campbell/235-1821  
DOB [REDACTED]/CAMPBELL BOYS

Investigation:

On today's date at approximately 1715hrs, R/D's received a radio assignment to go to Norwegian American Hospital on a man shot. The undersigned responded accordingly and upon arrival located beat personnel who informed R/D's that they had been called to the hospital and had not been to the original scene. It should be noted that an Evidence Tech was not called to the scene because the victim's car is missing; Family members may have relocated car but this cannot be confirmed. The beat personnel also indicated that the victim was in critical condition and unable to verbalize but was motioning yes and not to questions.

R/D's went into the emergency room and spoke with Dr. Perez who informed R/D's that in his opinion, the victim had ten (10) GSW in back; two (2) exit wounds in chest (front left) and six (6) pellets remained in chest cavity. Dr. Perez showed R/D's the X-Ray of victim and the pellets appeared in upper center chest cavity. Dr. Perez further indicated that the victim had to be relocated to another facility for further treatment due to the not-trauma status of Norwegian American Hospital.

Investigation:

Dr. Perez further indicated that if the victim survived his injuries he would most likely be paralyzed from the waist down. The victim was spoken to briefly concerning identification and number of offenders. Victim indicated by nodding to simple questions. Victim was transferred to Cook County Hospital where he is presently undergoing surgery.

VALENTIN, Israel

R/D's then interviewed the brother of the victim who stated in essence but not verbatim that on date and time of incident ISRAEL and victim had driven to ISRAEL's girlfriends home (3320 N. Cortland) to pick her up in order to attend a friend's wedding. ISRAEL indicated that the victim was driving. Upon arrival at 3320 N. Cortland; ISRAEL exited the vehicle and went inside of same address. A few minutes later; not more than five (5), ISRAEL came back outside to the car. As he approached the vehicle, ISRAEL noted that the victim was not visible. ISRAEL then ascertained that his brother had been shot. ISRAEL indicated that ISRAEL did not hear any gun shots and ISRAEL was on first floor apartment. ISRAEL told his girlfriend to call the police and ISRAEL pushed his way into the car and attempted to drive his brother to the hospital. At approximately 1200-1300 N. Kedzie ISRAEL encountered a few parked cars and was unable to transport his brother to the hospital (RD K875 233). ISRAEL abandoned the vehicle and an unknown citizen took ISRAEL and his brother to the hospital. It should be noted that as of this time the victim's car has not been located to be processed.

Investigation Continues.....

Evidence:

544008 (652) Photos

Investigation:

The undersigned detectives were assigned to the continuing investigation of the above captioned incident. Efforts to locate suspect

RIVERA, Jose were successful and subject was taken into custody, advised of his Miranda Warnings and transported to Area 5. Due to the lateness of the hour, the parents of the witness indicated that the daytime hours would be better for viewing of a line-up. In light of this fact, a hold was placed on RIVERA for line-up purposes.

The undersigned had been informed that another suspect was in custody (014) and hold papers had been placed on that subject, RODRIGUEZ, by

1st watch personnel in order to have witness view RODRIGUEZ in line-up. The lateness of the hour also prevented an interview with victim who is in surgical intensive care.

On today's date, attempts were made to locate the eye witness, LOPEZ, Orlando, in order to have subject view a line-up. Numerous visits

to witnesses residence proved negative and family indicated that they were unaware of his whereabouts but that subject may have been visiting his father, address unknown. R/D's went to Cook County Hospital and attempted to converse with victim; Verbal communication was next to impossible due to ventilator hook up through mouth and throat. Victim appeared to understand questions of a yes and no nature. R/D's inquired of the physicians staff if photos could be shown to victim and staff indicated yes but that the victim is regularly medicated, and response would be dependent of that medication. R/D's returned to Area Five and requested 014 personnel to locate persons fitting description of both in-custody suspects to produce a photo spread for purposes of victim identification if possible at this time.

R/D's returned to Cook County Hospital with six photos (Inv. #544-008 652). It should be noted that the photos were numbered from one to six

but the were not shown numerically to the victim. The victim does not have use of his limbs and is basically paralyzed from the neck down. Therefore photos were individually held for victim to view (random order). As photo's were being shown to victim it appeared

Investigation Cont.:

that the victim was having a difficult time focusing of the photos. Victims eyes were constantly tearing and R/D's inquired of the staff of victim's medication at the time. R/D's learned that victim had been placed on a morphine drip for the pain. It should also be noted that the victim was in constant motion (side to side) as the whole bed moved to help keep lungs from filling with fluid staff indicated that victim presently in danger of contracting pneumonia. It was then decided to cease the photo identification until later in the week; when the physcian indicated that the tubes would be removed from victim's throat.

The following is the numerical order and names of subjects in photos.

#1 VILLAFANE, Angel/M-WH/23 [REDACTED] / 1619 N. California  
#2 OLIVERO, Carlos/M-WH/18 [REDACTED] / 2478 N. Albany

Due to the above facts and circumstances both subjects were released. This investigation continues.....
